THE SERVICEMAN'S CORNER:

Dear Reeves: Somewhere in Korea
July 26, 1951

I received your most recent issue of the Byline, and your letter, yesterday, and enjoyed every part of both. Sincerely hope to receive all the more recent issues, whenever possible and when available.

I am now in Korea, with the 11th F.A.Bn, and the paper is even more appreciated now that I'm so far from home. It's good to know what is happening over there in Brisbane.

I have been here for three weeks, and from what I've seen--you would never believe how these people live. The situation and the weather are both really bad. It rains most of the time, for it's the rainy season here now. It's my first experience with the "Artillery", but I seem to like it. I haven't seen much action since the Peace Treaty has been going on.

Well, Reeves, there's not much to write about, for I'm in the most remote part of Northern Korea. I want to thank you for the good work you are doing, and the rest of the boys appreciate what you are doing for us overseas, too. And I'll sign off--always your friend,
EDDIE ROLAND.

Somewhere in Korea-July 23:51

Dear Reeves:

Well, here I am again, and still getting the Byline. You wanted to know what a "Defile" is----well, it is a "road"---or tries to be one---about six or seven feet wide, or just wide enough for a Gt. 2x $\frac{1}{2}$ to get through, and is on a side of a mountain. Then an Engineer outfit comes along and widens the defile to approx. 22 feet, for our biggest tank or self-prop. howitzer. And we build revments and timber tressles for 50 ton capacity. That about covers "Defiles", but if anyone ever sees one, they won't forget it. By the way--they are usually used for escape routes for artillery units.

That's about all for now---and KEEP THE PRESSES ROLLING!

Yours truly,
JIM RICE

Letter to our Servicemen:

Hello, fellows. Thought you might like to know that Bob Gagnier is due in town this week sometime--he'll be home for 23 days, and then he reports for assignment--probably overseas. And Larry Jenkins leaves at noon on Tuesday of this week---he says for overseas, also. Thanks to all of you for your letters and cards--keeping our "Service

Man's Corner" rolling right with the presses. Speaking of letters and cards--you should see the Chinese newspaper Curt Richards (aboard the U.S.S. Pine Island) sent to us from HongKong. He also sent some picture postcards of Hong Kong--one of which is taken from a hillside, and by golly--Hong Kong looks like a grown-up Brisbane (if Brisbane had cable cars!)

You know, it's interesting to get mail from you fellows all over the world this way---it's the next best thing to being there, ourselves. As we said last week, if you find some parts of your letters deleted when reprinted on this page--it's because we feel that it would be like pointing a finger right at you, for the enemy to see. But please don't let that stop you from putting in little descriptions of the places where you are, or have been, because your friends here get to read your letters---sometimes before they ever appear in print in this paper. They enjoy hearing about the odd things about these foreign countries, almost as much as we do.

Well, that's all for this week, gang. Keep the letters coming---and whenever any of you get to come home on leave, don't forget to look us up and let us know about it---that's news, too--you know. 'Bye for now--be seeing you next week.

YOUR EDITOR & STAFF---

LETTER FROM A SERVICEMAN'S MOTHER:

Dear Friend: We have just returned from a wonderful trip through Oregon and Wash., visiting our son Marine Sgt. Carl Coryell, stationed in Bremerton. The scenery in both states was beautiful, and the lumber camps so interesting to us (we used to be Easterners.) One afternoon was spent with the boys on rifle range, and we really enjoyed watching those Marines shoot. They have a young doe named Maggie, who comes into the kitchen (I mean the "galley") for her milk in a baby bottle every morning at evening, and has picked a Sgt.s #Sack", (bed) to sleep in. Carl just missed one Korean draft, but expects to be on the next one.

Have just heard from our other son, Marine Cpl. John Coryell, now in the hospital in Japan--he says he will land in San Diego around the 17th of this month, and will probably celebrate his 20th birthday with friends and relatives down there. (His birthday will be on the 19th.) We expect to join him there.

Last, but not least--I have another grandchild. This makes the 13th! Expect poor old grandma will have to get a job, what with all those birthdays and Christmas presents to remember! Anybody want a few grandchildren?--I'm only fooling--they are sure nice children. But am glad that Johnny hasn't got a steady girl yet---take it easy, girls!--Must close for now. ---your friend, MRS. FRANK KAHERL.

LOCAL FAMILY INJURED IN BAYSHORE CRASH:

Last Sunday was another bad weekend for our infamous Bayshore Highway, with eight more persons being injured in three accidents. Among the injured was the Charles Jones family of 264 Mendocino, Brisbane. Their car was struck from the rear at Geneva Avenue & Bayshore, by a sedan driven by Owen Woodland, a San Francisco steelworker, who also received minor injuries. Woodland was booked for felony drunk driving. Extant of injuries to the Jones family, (Charles, Dorothy, and daughter Donna), is unknown to your editor at this time.

COMMUNITY CHEST ASKS FUND SUPPORT:

George H Atkinson, president of the Community Chest of San Mateo County, today called for all-out support on the part of every citizen during the forthcoming chest drive for funds.

He said, "The population of San Mateo County has doubled in the last ten years and is increasing constantly. This presents new problems of service to our agencies. The only way they can be met, is with money. Our sights must be raised this fall, and it is our job to see to it that the goal is met so that these important agencies can render full service next year. We all talk about the youth problem. Here is a tangible way in which we can do something about it. We will count on your help and assistance this fall."

ANNOUNCEMENT: THE REGULAR AMERICAN LEGION DANCE WILL BE HELD AT THE LEGION HALL THIS SATURDAY NIGHT, AUGUST 11TH. MUSIC AND FUN FOR EVERYONE. SEVENTY-FIVE CENTS ADMISSION. DANCE TO A THREE-PIECE ORCHESTRA.

BROWNIE SUMMER SESSION ENDS:

Brownie Scout Day Camp, held at Mill's Meadows, ended it's six day summer session on August 2nd. The average daily attendance from Brisbane was ten girls. Mrs. Thyra Schroeder and Mrs. Paul Webster assisted in management of the camp, and in securing transportation for the local group attending.

The Girl Scouts Leaders of Brisbane were grateful recipients of a very generous sum of money from the Brisbane Lion's Club--the sum to be used for the furtherance of Girl Scout activities in this community. In a meeting held at the home of Mrs. Paul Webster, it was decided that the money will be held in a general fund, and given out to the various group leaders as the need for assistance arises.

Attending the meeting were Mrs. Anita Grabovsky, Mrs. Ellen Bhend, Mrs. Thyra Schroeder, neighborhood chairman, and Mrs. Paul Webster.

DID YOU KNOW:

that Ralph and Talotha Poeschel, former residents of Brisbane, and now residing in Downsville, were welcome visitors over last weekend???

that our local theater is going to look mighty nice with the new "face-lifting job" going on right now--starting with the brand-spankin' new paint job the first thing on the program???

that the Alfred Pistchl family is on the last lap of their journey--now being in Rochester, New York, after many miles

traveled through Canada, Maine, and other points of interest????

that Mrs. Al Jennott is visiting her son Renee Jennott at the Naval Base in San Diego???? (and we still do not have Renee's mailing address for the weekly free copy of the Byline for local Servicemen!)

that many friends gathered at the Young home on Santa Clara Avenue for a surprise "Housewarming" last Tuesday evening, for Mrs. Jean (Young) Escott--and that many lovely gifts were received???

that the price of the newsprint paper we are using in the Byline has gone up another 18¢ per ream since we last bought supplies???? (is there to be no end to it????)

that the graduation photos taken of son Vincent Reece by Ted Lehning, of #7 Lehning Way, have arrived, and exceed expectations by a long, long way??? -- that Ted does exceptionally fine work, and these graduation photos are among the finest we have ever seen???

that local Serviceman Don Walton, son of Mrs. Helen Brady of Klamath Street, has a pal over there in Korea who is quite a poet--as witness the following poem sent to Mrs. Brady-----

WE, THE MEN IN KOREA

We are the men in Korea, earning our meager pay---
Guarding the folks with millions for about three bucks a day.
Out on the wind-swept mountains, this is the spot
Fighting, and breathing the dust in the land God forgot.
No one cares if we're living--no one "gives a dam"--
So we are soon forgotten, though we're nephews of Uncle Sam!
Out in the fields with our carbines, eating and breathing the dust--
Doing the work of a chain gang, and we're too tired to cuss!
All night the shells keep flying, it's more than we can stand--
Folks, we're not convicts--we're defender of our land.
The things we've seen are too gruesome to tell--
We hope it's nice in heaven, for we know what it's like in hell!
When this life is over, and worries no more to stand--
We'll do our last parading in that far away Promised Land.
There St. Peter will greet us--Suddenly he will yell
"Come in, you men of Korea--You've done your stretch in Hell!"

HOME FROM TRIP TO ENGLAND:

Mrs. A. C. Pueschel, Sr., of 225 San Benito Road, returned home last Saturday, August 4th, from a six month's trip to England. Mrs. Pueschel visited relatives at Portsmouth, New Hampshire and Omaha, Nebraska, on the way home.

JEFFERSON SCHOOL TAX REDUCED:

Of interest to local parents of students at Jefferson Union High School was the following article, reprinted from the Burlingame Advance of Tuesday, Aug. 7th:

"Jefferson Union High School District's tax rate for the current fiscal year has been reduced ten cents, bringing the total school tax rate down to \$1.25, school trustees announced today.

"According to P.J. Markovich, board chairman, the reduction will mean a savings of some \$25,000 to the taxpayers, or roughly, from \$2.00 to \$3.00 per home, depending upon the assessed valuation.

"The chairman reported that because of the vast increase in assessments, there remained a surplus balance of \$40,000 in the general fund.

"The board, because of the district's fine financial shape, Markovich said, ordered a payment of \$30,000 paid on the purchase price of \$60,000 for the Pappas property in Sharp Park. This property, consisting of 28 acres with two water wells, is the site on which a second high school will be built in the future. By making this payment now, interest will be saved."

RELIGIOUS SECT TO HOLD BIBLE TALKS:

SELF-EMPLOYED? FILE SOC. SECURITY:

Self-employed persons were reminded earlier this week by Edward J. Foley, manager of the San Mateo office of the Social Security Administration, that coverage under the new law is mandatory and not voluntary.

"We think", he said, "that the belief that coverage is elective has gained currently here. While it is true that certain professionals are excluded from coverage, the exclusion is by law, and not by choice."

Self-employed men and women who are not excluded by law will have to report their 1951 "net earnings" for social security purposes on their income tax returns next March. The social security tax will be paid at the same time.

The difficult thing about making good is that you must repeat your performance every day.

RUSTIC COURAGE-by Elizabeth Alice Theis:
(PART TWO)

"but, dad--you don't understand---"
Benny's sensitive face flushed a trifle,
"a fellow should know more than just how
to read and write---"

His father answered, "I understand
well enough to know that most of them lads
is only wastin' time in there. Does a body
need more eddication to larn the ways of
farmin'?"

Benny hung his head as he stammered,
"I know how YOU look at it--that all learn-
ing won't help without experience. But I,
--well, I sort of---I'm not planning on
being a farmer---"

"Not good enough fur yo, ol?" snorted
his father, although a twinkle in his eye
softened the harsh insinuation.

Benny's eyes were pleading now--"It's
not that, dad---only, I guess I don't care
much about farming. I'd rather go in for,
well---law. Or technical training of some
sort."

"Have yuh lost yor senses?" Elmer yell-
ed. "It's taken me nigh onto fourteen years
to make this place what it is. I built the
house, little by little--year after year.
Built the sheds, barn, chicken houses,
pens--and winters I've put up fences, made
corrals, grubbed stumps. I calc'lated
when you wuz growed up, you'd help your
dad run the place."

"I guess I am letting you down, dad--
but I was planning on a career and helping
you in a different way. With money you
could hire---"

"Thar you go agin, son. A lot of high-
falutin' ideas that generallly pater out
like bubbles!"

So--against his father's rugged oppo-
sition, Benny said no more. It was useless
to argue. His dad's old-fashioned ways
were strong and sturdy, and brooked of no
speculation in keeping with modern progres-
siveness. He was slow and sure in the old
ways---the new way meant taking chances.
Too much like gambling with time--with a
better than even chance of losing.

Mrs. Lennen, however, sided with her
son. She understood the boy's sensitive
needs and ambitions. "I think yer makin'
a mistake, Elmer. Benny's always loved
his books so---with him, they're sort of
sacred. He'd make good."

Her husband snorted, "Did we need a
lot of books tuh run this place with all
these years?"

She thought this over for a moment,
and then nodded. "We might have saved a
lot of time if we'd read them agriculture
booklets, at that. Besides, the boy aint
out out to be a farmer. He's more---more
----" striving to find the proper word.

"Better than his folks, mebber?" her
husband supplied for her. "What's good
enough for his folks aint good enough for
him--is that what you mean?"

continued next week.

THE LION'S ROAR!!

Brisbane's Lions Club is going
great guns these days---

They raised \$159.66 from the paper
drive held here a couple of months back--
and then added a donation of \$100.00, and
divided the total amount equally between
the local Boy Scouts and Girl Scouts. The
next paper drive is scheduled for Sept.
23rd--so save those newspapers! Details
of the drive will be announced at a later
date in this paper.

The local Lions also sponsored
a local Boy Scout for two weeks of Summer
Camp in July----

AND, they have ordered three new
trash cans to be placed on Brisbane's
main Street--(namely, Visitacion Avenue.)

HOW'S THAT FOR CIVIC BETTERMENT??
Well, the Byline thinks this fine organi-
zation is doing some mighty fine things
for the youth of this community--and for
the community, itself!
